DAISY User meetings are back for 2015!

We are pleased to announce that we will be presenting user meetings once again. We will be featuring new software updates, enhancements and addressing your questions and concerns. Stay tuned for details on a user meeting coming near you!

This photo of the Moda Health lobby in Bend, OR was taken at our last user meeting series.

We will visit different locations to give our offices a chance to attend a user meeting in your area.

Regence claim status reports have arrived!

DMC is now distributing Regence claim status reports to the DAISY Inbox. These reports provide helpful information about the status of your Regence claims. Here are a few tips to assist you in reading these reports:

- Insurer message “**Accepted for processing**” indicates the carrier accepted the claim and entered it in their system.
- Payor’s claim number is the number assigned by the carrier’s claim processing system. This number can be referenced if you call the carrier regarding this claim.
- Insurer message “**Missing or invalid information**” indicates the claim was missing patient or subscriber data or contained invalid information. This claim was not entered in the carrier’s claim processing system and a claim number was not assigned. To troubleshoot this claim message confirm demographic data with your patient (name, date of birth, gender, subscriber address, ID number) and/or contact Regence to confirm eligibility. Update the patient’s information in DAISY and resubmit the claim.

Managing CDT 2015 codes D9986 and D9987

To withhold CDT codes D9986 (missed appointment) and D9987 (cancelled appointment) from insurance claims follow the steps outlined below. This action will reduce claim denial messages. Please note that withholding these codes from insurance claims will not remove them from your patient billing statements.

1. From the DAISY drop down menu, select **Procedures**.
2. In the **Procedures** window, select the **Codes** tab. Right click and click **Select a Procedure**.

3. Select the **Dental** tab in the **Select a Procedure** screen and type in **D9986**. Select the procedure and press **OK**.
4. In the **Codes** tab, check the **Withhold from Claim** box.

5. Save your changes.
